Tin Cup Springs - Endurance 101 Clinic

This is a hands on clinic where you'll learn the basics of caring for your horse before, during and after a distance ride. Distance riding is the best way to see Michigan's scenic trails while enjoying a partnership with your horse. It is a test of mind and body for the horse and rider.

Success is what...

- **you need to know so you are ready for a distance ride.**
- **your horse needs to know so (s)he is ready for a distance ride.**
- **to expect when you get to a ride, from registration to Vetting in.**
- **to do when at the Vet checks. (About every 10-15 miles vets verify your horse can go on.)**

At the end of the ride---> how to finish like a pro!

Location of the Clinic

Becke Grams Stables & Kennels
1955 N. Kings Hwy
